Sidde:
Crafting Comfort
with Passion

Located in the middle of the lush Indonesian landscape, a young and dynamic furniture brand emerged with a vision as simple as it was profound: ***to create furniture that made people feel truly comfortable.***

Sidde, which means "to sit" in Danish, was more than a name; it was a philosophy that infused comfort into every piece it crafted. At the heart of Sidde's journey were skilled artisans, the true architects of comfort. Their nimble hands, continued to craft furniture that invited people to sit, linger, and find serenity in the embrace of comfort. Sidde's philosophy was a reminder that, in a fast-paced world, the simple act of sitting down could be fun to enjoy, and comfort was a timeless luxury.

Timeless Elegance and Modern Comfort

At Sidde, we are very proud to introduce our very beautiful collection of furniture, especially synthetic rattan furniture, thoughtfully handcrafted by skilled artisans in Indonesia.

Established in 2022, our journey is driven by a passion for creating furniture that combines tradition with innovation.

We are young and dynamic company. Indonesia, known for its rich history of craftsmanship, is the birthplace of our extraordinary work.

Our artisans employ techniques, passed down through generations, to create furniture that exudes quality and artistry. We passionately weave **synthetic rattan, all-weather rope, twisted materials, and wood materials** into functional works of art that decorate homes, gardens, cafes, restaurants, and hospitality spaces around the world.
